There were no remedial pipeline IAs to fund this. I can do a removal WAF for the existing removal IA to fund it and have Duc sign it Monday. There is money and appropriate work scope to cover it up to \$47K at the moment.

Apparently Dana S. is telling the BOR that they cannot use the funds to perform work they came down to do on August 14, but that was not what they did because the event had occurred. They apparently need

GK – Release: tech support (\$ 50) through December – construction safety support, engineering review of plans

GK – Release Technical Review / Independent (\$125K) - HQ
